

WHAT'S A STAGIAIRE?

Stag.i.aire / sta.jɛʁ /
nm and nf (plural "Stagiaires"). Etymology: French.

1. Trainee
2. Intern
3. **A Stagiaire is a person undertaking an internship.**

During this on-the-job training period, students smoothly transition to the professional world. Although interns are typically students, they can also be high school students or post-graduate adults.

Generally, an internship works as an exchange of services for experience between the student and the employer.

The internship can also be used as an opportunity for the student to try before choosing a specific career path. At the same time, he can start creating his own network of contacts, discover new destinations or even earn school credits.

The internship can also be used as an opportunity for the student to try before choosing a specific career path. At the same time, he can start creating his own network of contacts, discover new destinations or even earn school credits.

Some interns find permanent paid employment with the companies in which they were trained. Employers also benefit from the situation as experienced interns require less training when they begin their full-time job.

**Le Café des Stagiaires was created
by stagiaires for stagiaires.**

WHAT IS APERO?

APÉRO:
a French/Belgian tradition.
Pre-dinner drinks & finger food,
that often turns into dinner.
It's our favorite time of the day,
every day!
